ANGELA NGUYEN WEDDINGS

Experience

For the joyful, life living bride who adores all things pretty (*but not more than she adores her fiance.*)

My responsibilities as your photographer stretch far beyond capturing beautiful images on your wedding day. I strive to make your wedding experience as effortless and enjoyable as possible from the moment you book to the final delivery of your custom leather album.

Take a peek into the Angela Nguyen wedding experience

1. BOOKING & PLANNING

Upon inquiry, you will receive my bridal pricing guide with all of the details you need to know about pricing and package options. Once things are booked and we're officially official, we will begin planning all of the fun details for your engagement shoot! You will also receive the one-of-a-kind Angela Nguyen bridal guide with 30+ pages of helpful information: what to wear, how to structure your timeline, how to prep for your big day and more!

2. ENGAGEMENT SESSION

The fun begins! After working together to choose the perfect locations, we will spend an hour together to shoot your engagement photos! Your only job during our session is to love each other - I will coach you through posing for the entire shoot. This is a time for us to get to know one another, get comfortable working together and allow you to spend time together in front of the camera with no stress

3.

FINAL WEDDING CHAT

As your wedding day approaches, I will be available to help with anything and everything you need - vendor recommendations, timeline preparation, planning suggestions and more. When we are just a few weeks out, we will plan a meet up to finalize timelines and answer last-minute questions. That way, you can wake up on your wedding day entirely stress free and ready to marry that man of your dreams!

4.

WEDDING DAY

The big day is finally here!! My goal on your wedding day is to ensure that it is as fun, easy and stress-free as possible. I will be there to capture every moment, from beginning to end, so that you have memories to last a lifetime to come

5. GALLERY DELIVERY

You can expect to receive your finished gallery approximately four weeks following your wedding day. Your beautifully displayed online gallery is where you are able to download, share and print all of the high-resolution digital files. They are backed up for 1 year online, so your gallery won't disappear on you! You will also have an easy-to-use mobile app so that you can keep your photos with you wherever you are.

6.

ALBUM DESIGN

If you choose a wedding package with a custom designed leather album, we will begin the album design process after you receive your digital gallery. We will work together to create beautifully designed spreads, choose cover options and finalize details for your album before it's printed and shipped directly to you
