

ABOUT ME

As "Richmond's Best Local Photographer", I have been taking professional images since 2018. I have had professional training and posing experience for many years. I have been given the opportunity of photographing many families, engagements, seniors, weddings, and events such as the Richmond Homearama.

Some of the most special people I have provided images for were Miss America 2020, Netflix's Dan Shneider, and NFL player, Ken Oxendine.

My goal is to not only provide you with the images that will last a lifetime, but make the process fun and easy.

What my wedding clients are saying

"Megan is amazing at capturing all the right angles and positions in the photos she captures. I don't even have to ask her for the ones I desire because she automatically just knows! She is communicative, patient, flexible, and always open to new ideas. Her beautiful personality shines bright in every moment I've worked with her, which makes taking professional photos incredibly fun and enjoyable. I've experienced 2 wonderful sessions with her and she made my vision come true each time! I highly recommend Megan to take your photographs!!!"

"Megan did a such a lovely job on our wedding photos that we have hired her to take our family photos ever since. She captures the emotion of each special moment with beautiful, candid, natural photos. Her editing is light and airy without looking overdone. She makes posing so simple with fun prompts. If you get nervous about taking photos, don't worry because Megan talks you through how to pose and makes you feel so comfortable that you forget you are in front of a camera. Her digital images are high quality and she'll even put together a package of prints for you if requested. You cannot go wrong by hiring Megan!"

"Megan photographed our wedding, and she did an amazing job! Captured every shot we could have asked for. I'm so glad she was able to shoot these memories that will last a lifetime for us."

"Megan is incredible! My fiancée and I were so excited to work with her. She really did not disappoint and brought an incredible amount of creativity to our shoot and make it feel special! Please check her out and give her a chance!"
