hey friend!

If you haven't figured it out by now, I absolutely love photographing couples and having the opportunity to capture such a meaningful time of their lives. I am inspired by the fun and wild couples who are looking for an adventure. Wherever there is fun, laughter, and good company, I'M THERE! So let's do this thing.

On a more personal note- I enjoy skiing, mountain biking, hiking, rock climbing, paddle-boarding, hammocking, and of course a low-key night with the company of Ben and Jerry's & a good movie.

I am a big people-person which is also why I am also a Physical Therapist! This gives me the chance to work with people everyday and help make a difference in their lives.

How I Shoot Weddings

My approach is to make things easy, enjoyable, and fun throughout the whole process. From the moment your inquiry lands in my inbox to your first peak at your wedding album, I am here to meet your needs and make your vision a reality.

Wedding day photos are something you will cherish forever, and this is not something I take lightly. I strive to capture your raw connection while documenting such an important day. So, I am so glad you're here and it is an absolute honor to be considered on your journey!

Experience

ONE

dream it

Select the wedding collection that best suits you and your wants/needs.

TWO

consult

Schedule a call! Because let's be real, we are going to spend a lot of time together, so let's connect on a more personal level. I want to know all the fun deets! How did you meet? Where was your first date? How was the question popped?!

And then there are the wedding details! I want to get to know your vision inside and out so you can have your mind off the whole process day of. I'm here to help with logistics, timing, and all things photos!

THREE

lock it in

The real fun begins once your date is secured and locked in with me! All it takes is a security deposit and a completed contract. I'll also start designing your custom timeline based on our phone calls and your questionnaire responses. You can adjust the number of hours you want up until 2 months before your wedding!

FOUR

engagement photos

What better way to get to know each other than through a photoshoot?! Schedule a shoot and send out those “Save the Date” cards! This is my favorite pre-wedding experience. This will absolutely involve plenty of laughter, goofiness, and maybe even some dancing... who knows?! A photoshoot with me before your wedding will also help you get the feel of being a rockstar in front of the camera. And don't worry- I am here to prompt you for those fun poses and get you comfortable in this space! You'll forget I'm even there.

FIVE

questionnaire + planning

I'll provide you with my extensive questionnaire so I can best prep for your day! After you submit, I will create a custom timeline for your wedding day that meets all your needs and priorities! We'll call or facetime to go over this together to ensure we've got it all covered.

SIX

wedding day + beyond

WOOHOO! We made it. I'll be there and ready to capture your love while you can feel confident, relaxed, and excited knowing I have you covered from the intimate moments all the way to the relatives breaking it down on the dance floor. After your wedding day, you'll receive an online album from me where you can reminisce, print, and share. You'll even get a sneak peek album within 24 hours.

Amanda was the best wedding photographer we could have asked for! She is friendly and sweet, and she made us feel completely comfortable during our engagement and wedding shoots. She was professional and easy to communicate with, and she was up for clambering down a riverbank, tromping around in the rain, and driving up to a remote wedding location to capture our adventure wedding. Our wedding photos were beautifully edited. We highly recommend Amanda!
