

# Our History

From the beginning, Hedge Farm was passed down from generation to generation within the same family since the early 1840s. In May of 2016, Steve and Layne Popernik purchased the property to fulfill a lifelong dream of owning land, hosting events, and entertaining guests. Steve grew up in Oxford, MS while Layne grew up in Corinth, MS. They both enjoyed spending time on the farms of family and close neighbors. So naturally after hearing that Hedge Farm was for sale, Steve and Layne could not hold back on their dream home!

The Guest House was constructed in 2004. It is complete with a Den, Kitchen, Bathroom, and loft Bedroom. The timbers in the ceiling are red cedar and were harvested on the farm, and the mantle above the fire place is made from Bois d'arc. A unique feature of the guest house is the staircase, which takes up only half the floor space of traditional stairs.
