

## Ceremonies

### *Elopements, Intimate Ceremonies and Pre-Written Ceremonies*

**\$395.00-** Your desire is to have a ceremony that's filled with an honest simplicity that allows you to be fully present in the moment. You can choose from a variety of pre-written ceremonies that give you the time you want to create the heartfelt words that convey your love. Samples are also provided for your vows, or you can write your own. Every time I perform a pre-written ceremony, it comes from my heart.

### *Co-Created Ceremonies*

**\$495.00-** This style of ceremony is perfect if you want to co-create your ceremony with me from the starting words to the ending. Your love story will be woven in it to make it personal. Additional components such as hand fasting, a sand ceremony or other ideas can be included. You'll receive many samples from me and a questionnaire that will provide guidance. We spend time together talking in depth about your love so that your ceremony will truly be as amazing as the love that the two of you share. I'm available as questions arise and we explore possibilities together!

“From start to finish Donna was amazing! We felt a connection with her the first time we met. She was very intuitive of our needs. She was so kind and helpful throughout the whole process. Communication was easy. Her flexibility allowed us to be creative with our ceremony. It was like she could see what we were envisioning and then ran with it! So many guests told us that our ceremony was the most beautiful they had ever witnessed!” *Josette and Kristin*
