WEDDING PLANNING SERVICES

BEAUTIFUL WEDDINGS. FLAWLESS EXECUTION.

Whether you're hosting a glorious in town wedding or Romantic destination wedding, Stylish Weddings and Events will help you make it perfect.

"My wife and I just got married this New Year's Eve in San Diego and had the wonderful opportunity to work with Jaime. I say "opportunity" specifically because that is what it felt like at times to us. Initially, we hired a wedding planner (not Jaime) a year out from our NYE wedding, someone who was referred to us and checked off all the requirements for what we thought would be a great decision, or so we thought.... Turns out this planner did ABSOLUTELY NOTHING in regard to planning our wedding for 9 months. To put it lightly, my wife was the wedding planner, not our actual wedding planner. We finally decided enough was enough and fired her. Shortly after this, we found Jaime. In 2 weeks, Jaime did more for us and for getting the wedding/planning back on track than our previous planner had done in 9 months! I'm not sure if that's more amazing on Jaime's part, or how awful our previous planner was. Either way, Jaime took charge from Day 1 with us and kept the momentum going all the way through to the very next day. Always with the utmost respect and resourcefulness, Jaime was an absolute pleasure to work with for the entire wedding process. Around 90% of our guests were coming from out of town to make this a vacation and destination wedding, so we had a handful of events going on prior to several days out from the big day. I really cannot even imagine how it all would have been completed, if it had not been for Jaime's guidance and constant communication and helpful timelines throughout the entire process. Our biggest regret is that we didn't find Jaime sooner, which would have ultimately avoided months of stress and aggravation. Nonetheless, we could not be happier with Jaime and all of the dedication he put into making this wedding weekend/day one of the happiest moments of our lives!"

DAY OF COORDINATION (COORDINATED TO PERFECTION)

“Day-of,” a better description is “coordination for the day of the wedding.” Stylish Weddings and Events starts with a comprehensive consultation with the bride at least 2 to 3 weeks prior to the wedding. From there we review your detailed timeline for the wedding day and work to ensure that everything comes together just as the bride envisioned it. As well, some wedding venues have a requirement that a couple hire a planner or at minimum, a coordinator for the day of the wedding.

Stylish Weddings and Events will give the peace of mind that all the details will come together as you envisioned. The amount of resources budgeted toward a wedding can be substantial, and with just 5 to 10 percent of the cost going to coordination for the day, couples can ensure that countless hours of planning time will be made easier and that they get the most for their money. Stylish Weddings and Events will make sure you enjoy the celebration so you or family members don't have to do any work and stress.
