Wedding F.A.Q.

by JOYFUL STUDIOS

Q. What type of experience do you have?

A. I have been photographing weddings, portraits and events for over 15 years now. I trained extensively under Master photographers and owned my own studio.

Q. What type of gear do you use? Do you have a backup?

A. I use a Canon 5D and a Canon 1D as my primary and backups. Both cameras write to duplicate cards. I have 2 full lighting set ups, flashes and reflectors, though I prefer to photograph via natural light whenever possible.

Q. Do you offer additional portrait sessions?

A. Of course! Engagement, anniversary, rehearsal, boudoir, and trash-the-dress sessions are most popular, but I will provide any photography services you need.

Q. How long will it take to get my pictures?

A. It usually takes no more than 3 weeks for you to receive your thumb drive.

Q. How many pictures will I receive?

A. This naturally varies based on duration, lighting, number of sessions and other factors but you should expect anywhere from 600 to 1500 images.

Q. What type of editing is included?

A. Basic editing for exposure, color and cropping to enhance the overall images is included in your package. Extensive editing like selective coloring, body contouring or eye replacements can be added on a by-image basis.

Q. Do you charge for travel time?

A. 45 minutes (25 miles) each way is included in each package.

Q. Can I purchase prints or albums from you?

A. Absolutely! I use a professional lab for all of my prints and albums and price as competitively as possible.

Q. When do I pay?

A. A 50% deposit is due to hold your date. The balance is due 14 days before the event. I accept personal checks, cash, Paypal (3% fee) or Venmo (3% fee).

The Joyful Studios *Wedding Experience*

Hello and Welcome! My name is Kylie and I have been photographing weddings since 2001! I am located in Shepherdstown, WV but I photograph weddings all over Virginia, Maryland, D.C., West Virginia, Pennsylvania and beyond! In addition to weddings, I have experience photographing nearly everything imaginable from babies and maternity, families and seniors, corporate headshots, graduations, sports and more! My camera is an extension of me and I'll try just about anything.

Not many people can say they have their dream job, so I know just how lucky I am. My amazing clients allow me to capture intimate, honest, joyful images of their lives, and I love knowing that the pictures I'm taking will be cherished for generations. I am beyond grateful for this opportunity to be a small part of your special day!

Consultation and Booking

I remember planning my own wedding just a few years ago and I know the importance of a photographer with a personality that matches you own. For this reason I always take time to meet potential clients face to face. In your initial consultation I will share my portfolio with you and we will go over all of the technical details including pricing, options and agreements. I'll also take as much time as we need to answer all of your questions (anything goes!) and understand your personal style and photography goals. This time is all about getting you everything you need to make a decision you'll be happy with.

Engagement Session

Engagement sessions are so exciting because this is often the first time you have been professionally photographed together! They are also a wonderful way for us to get to know one another before your big day. Engagement sessions are of course completely optional but are a lot of fun if you can fit them into your schedule and budget.

Planning

As you plan your wedding I will be here for you with any questions or concerns you may have. If you are wondering how much time to set aside for the first look or if teal and pink will photograph well together - Ask away! We can chat over Skype, e-mail or in person, whatever is easier for you!

Wedding Day

Its finally here! It's time to sit back and relax as you marry your best friend. My goal on your wedding day it is make it as fun, stress-free and easy as possible. Let me worry about the details while you enjoy your day. I will be there to capture every moment as it happens from start to finish so that you will have these memories to cherish forever!

Sneak Peek

I know how excited you are to see the photos of your big day, so I will post a sneak peek with a handful of images to Facebook for you to share just one day after your wedding. You can share on social media, text to your friends and family and more!

Archive Delivery

You can expect to receive your finished archive files within 3-4 weeks after your wedding date. The will arrive sorted and edited and ready for you to print and share!

Albums, Prints and More

If you decide to order an album, prints or other gifts we will do all of the design work together. Ordering prints start to delivery takes about 2 weeks. We will design your album together and you will get to approve the final design before it goes to the printers! Album design time will depend on size, style, and how many times we edit but once we finalize the design it takes about 2 weeks to order and receive your album.
