HOW IT WORKS

OUR *signature* PROCESS

STEP 1

Initial Inquiry

Your journey with us starts with a simple hello. The moment you reach out, we begin a partnership that's centered on understanding and celebrating your unique love story. We are here to learn about you as a couple, your wedding dreams, and how we can best collaborate to execute them flawlessly together.

STEP 2

Collaboration

Once we're connected, collaboration becomes our mantra. We dive deep into your vision, tastes, and preferences, blending them with our expertise to craft the perfect photography plan for both your session & wedding day. It's all about creating a space where ideas can bloom, ensuring that every snapshot reflects the true essence of your relationship.

STEP 3

Portrait Session

The portrait session is where we start to bring your story to life through the lens. This is your practice run, a chance to get comfortable with me & my camera and our shooting style. It's not just about getting those perfect pre-wedding shots—it's a fun and relaxed experience that sets the tone for the big day. Relax, have fun & we'll take care of the rest!

STEP 4

Wedding Day

When your wedding day arrives, we're right there with you, capturing every heartfelt glance and burst of laughter. Our presence is all about balance: being there for every important shot without ever becoming intrusive. We're the dress bustling, lipstick holding, cheerleading, hype-girling, magic memory capturing family photo wrangling, photography team for every step of the way.

STEP 5

Post-Processing & Delivery

After the confetti settles, our work continues. We meticulously select and edit your photos, ensuring each image is a memory worth keeping. We hand retouch everything in our warm, true to life style, making sure that any special considerations are taken into account (like removing exit signs, a lipstick stain on teeth, etc) before you ever peep them! Then they are uploaded to an online gallery for easy sharing!

STEP 6

Beyond the Big Day

Our relationship doesn't end at 'I do.' We love staying in touch and watching you grow as a couple & family. Nothing makes me happier than seeing your new puppies, babies, houses, careers, and adventures. We always love seeing our clients again and again for photos, but it's truly being able to be a small part of your story that brings me the greatest joy.

ARE WE A *good* MATCH?

Choosing the right photographer for your wedding is about much more than just beautiful images. It's about finding someone who enhances the joy of your day, fits seamlessly into your celebrations, and understands you as a couple. It's important that we vibe well, as I'll be by your side through one of the most important days of your life. Here's a little guide to help you figure out if we're about to be the best of friends:

DEFINITELY YES, IF:

- ✓ **You love the idea of documentary-style photography.** If posed and stiff isn't your thing, and you're all about the authentic giggles, tears, and kisses captured candidly, we're going to get along just fine.
- ✓ **Prompts over poses speak to you.** You're looking for natural interaction, not just a "smile and look here." My approach involves playful prompts that bring out genuine moments of joy and love.
- ✓ **Your mantra: The more laughter, the better.** You appreciate a photographer who's quick with a joke and willing to pull out all the stops for that picture-perfect laugh—yes, even if it means showcasing my signature bad dance moves.
- ✓ **"True to life" is your style preference.** You gravitate towards images that boast warm, timeless colors and candid moments that stand the test of time.

NOT SO MUCH, IF:

- ✓ **You prefer traditional posed photography.** If your heart is set on classic posed wedding shots with every hair in place and formal portraits, my candid, in-the-moment style may not align with your vision. *We will of course get formal posed family photos during your wedding day, this is outside of that!*
- ✓ **Light and airy style is your jam.** My photography leans towards warm, true-to-life tones, so if you're dreaming of super light and airy, we might not click.
- ✓ **Silent shutterbugs are your preference.** If you'd rather have a quiet photographer who doesn't crack a joke or two, I might be a bit too chatty and bubbly for your taste.

FREQUENTLY *asked* QUESTIONS

How do we book?!

Great question! If you're all set on us capturing your love story (YAY!) we make it as easy as possible to get the paperwork completed. Everything is done online from invoice to contract, all wrapped up in your very own client portal for your own records. We require a 50% non-refundable retainer to book your day, and the remaining 50% is due (30) days prior to your big day. Once booked, you'll receive a welcome guide and we are here whenever for any questions or just to chat!

How many photos should we expect?

We guarantee at least 40 edited, high resolution images per hour of coverage. 99% of the time, we deliver above this - all in an online gallery that's super easy to download from and share with friends and family.

What is your turnaround time?

This is probably our most frequently asked questions and honestly it's an answer I'm really proud of. For weddings, we deliver within 4 weeks. For sessions, your images are back to you within 7 business days. Most photographers in the area have an 8-12 week turnaround time and while it's taken me over 10 years to get to this point, here we are! Everything is hand retouched by me, Britt! You won't receive a single image where I haven't made sure it's 'mantle-worthy'!

Can we print our own photos?

Yes, go wild! Once you receive your images, you will also receive a full print release. This means that you can print to your hearts content! Make your own canvases, albums, etc. The only thing you can't do is say you took the photos. :)
