# Hello!

CONGRATULATIONS!!! I am SO excited to photograph your big day! Photography is my passion. I love everything that goes into the wedding, but seeing the end result in photos makes my heart so happy. The photos that we take on your wedding day will be treasured by future generations. I am dedicated to helping you feel the best you can on your wedding day. I try to capture as many candid moments as possible with genuine and not posed smiles. My style is light, bright, and airy!

I provide high quality photos at an affordable price! I take pride in that statement. I return wedding photos back within 4-6 weeks! You will get a same day sneak peek to share with your family and friends on social media. Please reach out with any questions or to customize your big day!

*Janie Loftin*
