The Bridal Suite is a spacious and elegant area with private toilet facilities, French doors opening to a wrought iron balcony, and AC. Our bridal suite is perfect for brides, bridesmaids, and family to complete their wedding preparations in total privacy. The Groomsmen Hideout is a private and comfortable room, separate from the pavilion, for groomsmen to change into their wedding clothes, and to get into the spirit of the day. The Hideout is complete with a sink, AC and a minifridge, everything the groom and men of honor need to prepare for the festivities and hangout.

The Chateau Events Center was designed and constructed as an outdoor wedding and event venue; therefore, you will find several lovely ceremony sites. Our grounds abound with beautiful, shady trees with night illumination, plus a gazebo and quaint bridge with a waterfall feature. We provide up to 160 chairs, 20 round tables that seat 8 individuals, 15 6ft banquet tables and 4 cocktail tables. Chairs and tables will be set-up to your specifications and broken down at the end of the night by our staff. We provide a complete breakdown and cleanup of the facility after your event. We ask that you remove any personal items you may have brought into the pavilion and grounds prior to your contract's departure time.

The Chateau pavilion is complete with surround sound throughout the facility and on the outdoor patios. The system is easy to use by simply plugging in your smart phone, iPad or iPod. If you wish, load up your smart device and be your own DJ! The system also includes two wireless microphones for your toasts and announcements. We also provide a drop-down screen and projector to view slideshows or videos of your timeless memories.
