

A romantic wedding photograph of a couple in a vineyard. The groom, on the left, is wearing a dark navy blue suit with a light pink shirt and tie. He is leaning in to kiss the bride on the cheek. The bride, on the right, is wearing a white lace-trimmed spaghetti-strap wedding dress with a long, flowing tulle veil. She is holding a large bouquet of flowers, including orange and red roses, greenery, and white flowers. The background consists of rows of grapevines with green leaves and a wooden trellis system. The ground is covered in dry, golden-brown grass. The lighting is soft and warm, suggesting late afternoon or early morning.

Capturing life's most memorable moments.

Hello and Welcome!

One of the **MOST** important decisions you can make is deciding on a photographer for the big day. With so many options out there, I am honored that you have considered **ME** to document these memories for you.

Wedding planning is an exciting process, but can be overwhelming at times. I totally get it! My goal as your wedding photographer is to make your wedding (before, during, and after) amazing, stress-free and a day that you will cherish **forever**. I will document every moment so you can relax and enjoy yourself, and be able to relive your wedding day over and over for years to come.

Not only do you deserve beautiful images, you also deserve a beautiful experience. From the moment we (virtually) meet until well after your big day, I will be here to support you. I will get to know you and your partner and make sure you feel comfortable in front of the camera. My ability to read my couples' vibe and relationship allows me to snap photos that are authentic and timeless. Whether you immediately fall into the romantic, snuggly mood, or you are goofy and cracking jokes the whole time, I will guide you and capture the moments that showcase who you truly are.

Grab a cup of coffee (or wine!), get comfy, and take a look around to see if we would be a good fit for each other.

If you enjoy laughing, chasing sunsets and not taking life too seriously then I can tell you we'll get along just fine.

I am an open book, so even if you aren't ready to lock things in just yet, **please** reach out and ask any questions! I can't wait to meet you!

Capturing your perfectly imperfect love story

Engagement Session

One way I ensure that my brides and grooms enjoy the **BEST** photographic experience possible is through forming a relationship with my couples. I try my best to make sure that all of my couples are the **PERFECT** fit before officialy booking. A bride and groom should connect with their photographer, trust their photographer and be **EXCITED!**

After booking, I love getting to know my clients through a **COMPLIMENTARY** engagement session that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day arrives, I feel more like an old friend than a vendor and that creates a **FUN** and relaxed environment, just as it should be!

*Sit back,
relax,
and let me take
care of the rest.*

The biggest day of your life doesn't have to be as stressful as everyone makes it out to be.

As your photographer, I will hold your hands, wipe away your tears (of joy!), and make you feel as comfortable as possible so you can focus on living in the moment.

The best pictures are the ones that are the most natural - the ones that are captured in-between poses - the ones you don't even realize I'm taking. These are the memories I will create for you to cherish for the many years to come.

Just relax, enjoy the day, and be the beautiful, confident **YOU** that you are!

A Note from a Bride

“Wedding planning was not necessarily ‘our thing’ and to be honest, we are just glad to be married now. But the best decision we made through the whole process, was picking you to capture our day!! It felt like an old friend there with us. We were able to act like our weird sarcastic selves throughout the day, and truly enjoyed just hanging out with you! You were the one who captured all the moments we will keep with us forever, and we will remember our super cool photographer forever as well!

My husband and I both agreed after our engagement session that not only did we pick a great photographer, but gained a friend along the way! I cant wait for her to capture other big life events for us!”

FAQs

Q: What makes your work different from other photographers' work?

A: I love being both interactive and discrete throughout your wedding day. There are parts of your day where I will be in control, but there are also moments when you won't even know that I'm there! I will treat you as my friend and your family as my family. I want you to think of me as a wedding guest with a camera, not as a vendor. I will give you a big hug at the end of the night, and will most likely refer to your family members as "Mom" and "Grandma" throughout the day.

Q: What if I don't need an engagement session?

A: If you're not interested in an engagement session, you can add an additional hour of wedding day coverage. While I really do encourage you to do the engagement session because it helps us get to know each other and gets you comfortable in front of the camera, it's not mandatory.

Q: How do we reserve our date?

A: Complete the contact form on my website! I will check my availability to make sure I have your date open, ask a few questions, and we'll move forward from there! A 25% retainer and signed contract is required in order to get your wedding date on the calendar. Two weeks prior to your wedding, the remainder of the balance is due. It can be split up however needed (typically a monthly payment plan). All payments are made online via debit or credit card.

Q: Do I have to order prints through you?

A: I highly recommend ordering prints through my professional vendors, but it is certainly not required! The difference in quality is HUGE when it comes to ordering through a volume, speed printer at a local convenience store versus a professional lab, so I encourage clients to let me assist in the printing process. You do receive all download rights, however, so the choice is yours!

Q: How do I receive my final gallery?

A: I deliver my client's images quickly and easily via an online gallery. You will have the ability to print, share, and download your images as much as you want.

Q: What if I don't know what coverage length I want just yet?

A: First thing's first, let's secure your wedding date to ensure I'm available and all yours. You can ALWAYS add additional coverage as we get closer to the big day. We'll create a timeline together. I never book two weddings in the same weekend, so there is always the option to add more time together!

Thank You!

I hope this comprehensive guide has been super helpful! If you have any additional questions, don't hesitate to reach out.

Together, we will create a wedding photography package that perfectly suits your desires. I'm so excited to hear from you and get to know you! This day is all about you and your future spouse.
