if I do not book another wedding the day before. This is an awesome opportunity for me to a.) meet the family & wedding party b.) get a feel for the flow of the day c.) plan photo spots at the venue d.) & more!

- **I want to see you as much as possible!**

Please invite me to all your venue visits & let's stay connected the whole time.

My GOAL & MISSION for our relationship is to help you in any way I can & be with you every step of the way. I am here to serve & support you. By the time your wedding day approaches, I want you to feel ready to be fully present & have fun!!!

FREQUENTLY ASKED QUESTIONS

Do you shoot in RAW?

Yes, and then the edited photos are delivered in JPEG

Do you have back up equipment?

Yes, I have three cameras, extra batteries & sd cards, and three lenses

How many final edited photos can we expect?

There is no cap- Most weddings are 1,000+ edited photos

How long does it take to deliver full gallery?

Full gallery is done in two months and previews are within 48 hours

How do you keep my photo safe?

My cameras have dual card slots so your RAW photos are being recorded twice. After your wedding, all the RAW photos are backed up to hard drives.

I do not format the original cards until your full edited gallery has been delivered.

In case of an emergency & I cannot make it to the wedding- I will find a replacement, fill them in on the details, etc. You choose if I edit their photos or if you prefer them to fully take over.

Second Shooter Details:

I work with regulars photographers

I edit their RAW photos

Their role is to capture the guys getting ready, capture details when I can't, get all the extra angles & candids, and BTS videos
