

### **Base package begins at \$2,800**

- 8 hours of coverage with 2 cinematographers equipped with 4K cinema cameras and audio equipment
- 2 one minute teasers edited for social media, delivered within 2 weeks of wedding day
- 1 edited 5-7 minute highlight wedding film delivered within 8 weeks of wedding day
- Up to \$200 allocated for music licensing
- Digital delivery of edited films through Vimeo.com and mp4 file share
- Choice of DVD or thumb drive with films
- Editing hours as needed
- 1 hour pre-wedding consultation

### **Add-Ons**

#### **Feature Film +\$600**

This more than doubles your wedding highlight film to 10-15 minutes, allowing us to showcase even more of your special day. Wedding coverage increases as needed.

#### **Documentary Film +\$800**

Years to come you may want to sit down and watch your wedding ceremony and reception from beginning to end, reliving it in real-time. At \$400 a piece, we will capture both your ceremony and reception in their entirety, editing between multiple cameras for a truly intimate and comprehensive view of your wedding to always cherish.

#### **Aerial Cinematography +\$250**

We can capture your wedding's stunning location from the unique perspective of a drone. This includes an additional crew member for 2 hours of drone footage capture. FAA and weather permitting.

#### **Travel and Lodging Fee +\$150**

Any wedding within Colorado, but more than 60 miles from Denver incurs this flat fee. If your wedding is outside of Colorado, that's okay, we love to travel! Contact us for a specific quote and availability.

### **Payments**

- 30% non-refundable deposit when contract is signed to save the date (min \$840)
- 50% remaining price due 60 days prior to the wedding (min \$980)
- Final 50% due upon completion of wedding films (min \$980)
