All my services come with:

Onsite planning to help you organize your reception with a one-on-one consultation. We go over every detail and customize it according to your taste, ensuring you get everything you want and need, to make your special day perfect. Design your personalized music selections from our library of songs, including every genre. As your Master of Ceremony, we make announcements, direct and navigate the time and flow of your reception according to the event's itinerary, while entertaining you and your guests with fun and romantic music, making it a memorable event for all! Professional loud speakers, microphones, and DJ equipment will be provided.
