 - ___ 3rd Location (Example: Cocktail Hour in the Lobby) - \$100
 - ___ Additional Time: \$100 (Per Hour)
- ___ **Photo / Gif Booth \$500 (One Room, Up To Six Hours)**

Our photo/GIF booth brings all of the fun and none of the downsides of a traditional booth, with several modern twists!

It's small enough to set up anywhere, fast enough to keep a line from building up, and simple enough for the guests to run it themselves! With features inspired by your favorite social media platforms! All images get a custom designed overlay frame to commemorate your event! The user gets to choose whether to take a still photo or a moving GIF, then has the option of using digital props (like snapchat) then they have the choice of color filters and skin smoothing options (like Instagram) and they finish off the experience by sending the file directly to themselves and friends through text or email! The message they receive includes a link to the online gallery of images from the whole event, so they can enjoy and access everyone else's images as well as their own, and the link also includes instant share buttons so that they can easily share the image on Facebook, Twitter, or Instagram!

****All prices are estimates.**
