## Pricing

When you book your travel through me, and we use a registered supplier, the cost is exactly the same as on a website, but you get me included! That means my expertise, my time, my planning skills, my training, my connections, and my access to over 400 agents! Included!

For example, if we book a Royal Caribbean Cruise, and on the website it says \$3,000, the cost of my fee is already built in, so that money either goes to a Travel Advisor, or back to the company!

When you are planning a wedding, you have to be mindful of your time and your money, and I can help you with both! I will help take planning your travel off your plate and keep a look-out for discounts and promotions.

I can assist with any type of travel: Cruises, All-Inclusive Resorts, Tours, Disney, Universal, Land-Cruises, Hotels, Road Trips, Stay-cations, and more!

I've completed training with several cruise lines, all-inclusive resorts, and romantic getaways, and I have dozens of suppliers available to help built the perfect travel for you.

Quotes are always free! Let me know how I can make your travel planning easier!
