## *OUR PHILOSOPHY*

Authentic, real emotion. Adventurous couples who believe in the process. Minimal editing to preserve the style of the day. Eleanor & Pete was created with a departure from traditional styled weddings, because every wedding, every couple and every love is unique and beautiful. Backed by the reputation of a long-standing photo studio to ensure that every client is taken care of like they should - with professional equipment, insurances, and archival policies to protect your greatest interest. Blended with a love for adventure, travel and real-moments, we have found an entirely new system of client-focused photography!

## *OUR STORY*

Somewhere around 1930, Eleanor and Pete met at a soda shop in Somerset, Pennsylvania. After Pete's death in 1999, their legacy has lived on through their photo-snapping granddaughter, Kristen. Inspired by their 70 year marriage, she set out to capture couples around the world celebrating their forever-love.

Kristen then paired up with Gabby and Kellen to include Eleanor & Pete in her brand. Eleanor and Pete is a self-defined celebration of adventurous couples looking for the moments that matter.

## *OUR TEAM*

In 2021 Kristen enlisted her trusty team of photographers, Gabby and Kellen, to be the new face(s) of Eleanor and Pete. Kellen is your extroverted hype girl that might steal your dog while Gabby is your introverted adrenaline partner that just needs a glass of chocolate milk at the end of the day.
