

Congratulations and thank you for enquiring about my prices and services!

I believe that no couple should have to choose a certain package and/or be limited depending on which packages are offered. I stand strong in offering a hourly rate and providing the same professional service throughout the entire day. My hourly rate is \$200. I am there to be your Photographer for as long as you wish. With hiring me as your Photographer, you will get...

- Complimentary engagement session (if needed)
- Unlimited professionally edited images
- Online gallery that is password protected
- Print release
- Quick turn around on your photos

If there is anything else that you would like to discuss or if you have any questions, please don't hesitate to ask! Thanks and best wishes!
