Philosophy

Photography is more than a service, it is an investment, one that will last a lifetime.

At Generations Photography, it is our goal to capture all of the details of your special day exactly as they are while preserving your valuable memories for years to come. While you and your guests are enjoying the precious moments as they are happening, we are capturing these moments quietly in the background.

All of our photos are retouched to ensure that you receive the highest quality picture all while capturing and preserving the natural beauty of your special day. Every photo you receive from us, will be a cherished memory of what we hope will be a lifetime of happiness.

Dear Bride and Groom,

One of the biggest investments that you will take on as a married couple will be your wedding day. As your photographer, it is our goal to capture those memories that will last you a lifetime. We believe that classic and timeless never goes out of style and as your photographer, that is what you will receive in your photographs, classic and timeless. You are our canvas and we will create art!

At Generations Photography, we will ensure that you will have peace of mind that we have captured your wedded day bliss for years to come. These precious memories will become heirlooms passed down from Generation to Generation. This is our pledge to you as your photographers at Generations Photography.

Prices subject to change

What to expect and Q and A's:

Q: I am ready to book my wedding, what is the next step?

A: After you have decided that you would like Generations Photography to be your photographer, you will need to fill out a contract and pay the retainer fee to secure the date. We can meet in person for this or I can send you the documents via e-mail.

Q: Is it necessary to meet in person before the wedding?

A: Although, we enjoy meeting clients and getting to know them, it is not necessary to meet. We can discuss details via phone, e-mail, text or messenger.

Q: How soon in advance should I secure/book our date?

A: Most couples secure/book the date 9-12 months in advance. If you want to retain our services, we recommend booking as soon as possible.

Q: How soon will I see my images?

A: Sneak Peaks are posted on Social Media with in approximately 2 days after the wedding and edited proofs will be available within 4-6 weeks after your wedding. At this time you will be able to view your images from our online gallery (password protected) and will receive a USB drive with your edited photographs mailed to the address provided.

Q: Can we give you a shot list?

A: Yes, of course!

Q: Do I receive a copyright of my images?

A: Copyrights and print release/usage rights are very different. Generations Photography will be the legal owner of the images but you as our client will be given print/usage rights. This simply means, that another entity cannot claim or manipulate our work as their own.

Q: Should we provide a meal for you?

A: Although this gesture is very much appreciated, it is not required, especially after being on ones feet for hours.

Q: Can my friends and family take pictures as well?

A: Of course but please keep in mind that our time is very precious and we would appreciate if they can refrain from interrupting our portrait time. Also, please remind your guests that when the moment passes, it is gone and to not jump in front of the camera.

Q: Do you offer discounts?

A: To be fair to all of my clients, past, present and future, no discounts are given. (except on very rare circumstances) If you're tight on your budget and would like us to be your photographer, we offer hourly coverage. (please see our Portrait Package)
