TESTIMONIALS

Emily was fantastic to work with from initial call to ongoing planning emails and day of. I enjoyed her laid back energy yet sharp and practical personality. Her photography had an artistic perspective which we liked, a bit less run of the mill from the other photographers we looked at. Day of, her calm yet energetic presence before, during and after the ceremony was a great addition to our wedding party. I knew she could manage the people and long list of photos with ease. We also loved our couple photo time with just us and Emily between ceremony and reception, it was comfortable to have her part of our intimate bliss as newlyweds. We are thrilled with our photos too having just received them and sorting through the hundreds (thousands?) of them. Would recommend Emily to other couples and others hosting events or celebrating milestones and seeking photos.

Working with Emily was awesome! It felt so natural and I was at ease taking photos. She knew what she was doing and captured spectacular candid pictures throughout the night as well! She took fantastic pictures despite terrible weather and lighting conditions. 10/10 would recommend hiring her for your wedding! Thank you Emily!!

Emily did a fantastic Job! I somewhat planned my engagement on the Fly with about a week (or less) for her to prepare and she did a phenomenal job working with me and making me feel at ease in a part of the country I've never traveled to. She was able to stay in contact with me (secretly) up until about 1 min before I proposed which was a MASSIVE help. Super easy to work with, made it fun, was also very professional and I would recommend her NO DOUBT. Thanks again! You made an insanely stressful "operation" (haha) go incredibly smooth! Her photos were fabulous and turned out great! I honestly didn't know what to expect! Well done!!

We hired Emily for our engagement photo shoot this past weekend and I honestly cannot recommend her enough! Not only is she super polite, kind, and professional, but she is also extremely talented. She has such an eye for detail and is fantastic at helping pose her clients. We did our photo shoot on my cousin's property and Emily was so good at picking spots and playing with the light and surroundings. My fiancé and I were both completely out of our element, because we had never done a professional shoot before, but Emily made us feel comfortable, confident, and natural from the start and we completely love every picture we received! On top of all that the turnaround time for pictures was quick and she was very communicative from start to finish! 10/10, highly recommend!
