## what to expect

Weddings are entire day events – so don't get charged by the hour. I believe in shooting a wedding in its entirety, from start to finish.

I try to work from the shadows. Shooting people when they don't necessarily know they're being photographed makes for excellent shots. Also, you don't want a heavy footed photographer getting in the way all day!

As far as content goes, I like to make that a collaborative effort. If you have something in mind, we can make a shot list beforehand – if you want to leave it all up to me....I got it!

## who is Bo?

my name is Bolster McKinley – but I usually go by Bo.

My photographic style, might be characterized as subtle. I like to shoot things as close to natural as possible – I don't blow out highlights, I usually crunch blacks, and prefer natural light.

I won't pose you all that much – a few suggestions here and there, but I think the best shots from a wedding are always candid

I have been using a camera professionally for 6 years – and always have fun when I work. Anyone can get lucky and take a few good photos – but not everyone can make the experience enjoyable, fun and memorable. I am confident that I can.
