Behind the Lens

MY STORY

Let me introduce myself, My name is Viviana Vieto, a destination wedding photographer based in Costa Rica. My story is very simple, I love taking pictures and capturing everlasting moments as a living. It's my passion and my life.

I have 10 years experience as a wedding photographer and I've been witness of the most loving couples that visit Costa Rica to celebrate their special day in this tropical paradise.

I love to travel and I would be so honored if you want to take me for a new adventure around the world.

APPROACH

The couple's vision always determines my approach. Some couples want the photographer to be a fly on the wall; others want to connect with every detail of the wedding. I approach each and every wedding with a completely unique perspective taking inspiration from your love story, your vision and your destination. I want to create a space where you can feel comfortable, be you, be romantic and express your love like no one else is watching.

client REVIEW

My experience with Viví and her team can only be summed up as: **Above and beyond.** They go above and beyond with every element of their execution. We were honored to work with her and her amazing team on our wedding day. They came with a strong recommendation so our expectations were high and they exceeded them. They worked seamlessly into the wedding and we rarely noticed their presence. We decided to have her handle both videography and photography and were so happy we did. They captured the highlights and the details of the day so well. When we look back on the best day of our lives, we'll have Viví and her team to thank.

Paola & Brandon

Since the day we saw the style of your photos, so natural and full of talent, we had no doubt that we wanted you to be the photographer for our wedding.

When I told you that one of my dreams was to do a photoshoot in Antigua Guatemala to have a memory of my roots, you encouraged me to make it a reality. It was an incredible experience, we enjoyed the session very much and we had the opportunity to meet the wonderful person behind the lens and who makes magic in each of her photos. The end result of that shoot was woooooow!

Finally, when the most critical part of the pandemic passed, we managed to get married and you were with us on one of the best days of our lives. Capturing how much we enjoyed and the love that surrounded us.

Thanks for everything Vivi! We love you!!

How many weddings have you photographed?

I count 300 and then stop counting.

How many years have you been photographing weddings? *Since 2012*

Can I see a full gallery of a recent wedding you have photographed?

Frequently asked question

What is your working process blend in and unseen or loud and in charge? *A little of both, for the most part, we tend to be behind the scenes, but at the appropriate times will direct our couples such as family formals or posing.*

Is an engagement session included in your package? *No, we charge it separately.*

Do you bring a second shooter? *We include a second shooter for at list 3 hours, is the only way we can do simultaneous getting ready for bride and groom and then for the ceremony there are so many moments missed (the bride's face as she sees her groom, and groom's face as he sees his bride for the first time) because there is only one photographer.*

How many images can I expect to see from my wedding? *It depends on two factors: The hours of coverage included in the selected package, and the number of activities during the wedding. Anyways, if you have more photographs than those included in the package, they will be delivered.*

Do you charge travel fees? *Not within the Costa Rica Big Metropolitan área, if you are getting married out of this area you can check the list we provide within Costa Rica.*

Is it okay if other people take photos while you are taking photos?

We do not mind when family members take snapshots or phone shots as long as it does not interfere with our process. However, we do ask we are the sole professional photographers for your wedding day.

Frequently asked question **EXPECTATIONS**

Do you offer albums and prints? Can we purchase these from you?

Yes, and Yes, please inquire for more information.

How long will it take to receive our images? And how do we receive them?

On average 6-8 weeks for the full gallery, we do send out sneak peeks so you are not dying in the meantime. We provide an online gallery to our couples.

How much of a retainer do you require? Also, when is it due?

Our retainer fee is 30% of your total package price to secure your wedding day and is due upon booking.

Do you accept payments?

We are happy to set up any payment plan you would like, but the full balance must be paid no later than a week before the wedding date.

In the event that a camera is damaged, do you have backup equipment?

Yes, you can be assured that we travel with multiple camera setups in the event any equipment is damaged or not working properly.

Frequently asked question **EXPECTATIONS**

If you cannot photograph my wedding for some unforeseeable event, what is your plan? One I will say in our 10 years of photographing weddings we have never had to deal with this issue, however, if an event does happen where we are unable to photograph your wedding we will inform you as soon as possible and do our very best to help you find a replacement photographer.

Will you post our wedding online and where? Yes, we love to share sneak peeks of our client's wedding days on Instagram and Facebook. However, if a client asks us to not post we are happy to accommodate these requests.

Thank You!
