making memories that last

a lifetime

# hey there!

**I'm Joanna,**

and here is a little about me:

I was born and raised in small city in Poland. I moved to Ohio in the end of 2016, with the idea of going back home in about two years, but in six short months of being here I met the love of my life and decided to stay here forever.

I started my photography business in 2019, but was fascinated with it since I was 12years old, I always knew that this is what I want to do in my life. I finished photo school in 2015 back in Poland.

I love what I do and I put my whole heart into making sure that I capture your special moments just the way you like !

Joanna shot our wedding in Cincinnati in Sept. 2021 and was a dream to work with. My partner and I were coming in from out of state and so could not meet her in person beforehand. However, Joanna was able to make the entire process easy, starting with an initial Zoom meeting. The option to pay in installments was especially convenient for us. The day of, Joanna was on time, professional and friendly. She brought her own suggestions of which shots to get while also being open to our ideas. She also made sure that we got every group photo we wanted with different sets of family, friends, etc. When we finally saw the digital photos (which were delivered on time) we were both amazed at how Joanna seemed to have been everywhere at once! We are so happy with how they turned out. She also sends a wooden keepsake box with selected photos printed out, which is a lovely extra touch. If you have the opportunity to book Joanna for your wedding or any other event, don't pass it up! I cannot recommend her highly enough.

Jordan & Valeria

# what to *expect*

## MY STYLE

I love to capture candid moments the most, but I will always make sure that I grabbed some posed portraits of you and your family. My style is changing a little bit as I grow and learn more every year, but I always try to stay true to color with splash of warmth and bit of moodiness.

## HOW BOOKING WORKS

After you decide that I'm the one you are looking for I will prepare personalized proposal for you, where you will be able to view and sign your contract, as well as pay your invoice. To do so I will need your preferred email address and full name.

here to capture  
who you are

I love real emotions, I love crying people (the happy tears of course)  
I will capture all of those for you I want to show the true you !  
Your true love to each other, I will never ask you do to something  
you will not feel comfortable with or that doesnt feel like you!  
This day is all about you and the love you share to one another.

*your love  
story told*

# engagement session

Engagement sessions are one of my favorite! I always recommend getting your pictures done with the same photographer that will do your wedding, as this way we can spend some time together and know each other little better before your big day, which will make things easier and more comfortable for your wedding day.

As of of engagement session I would love to capture the true you and your love. So if you want to incorporate your pets into that photoshoot thats no problem, if you want to go kayaking, or roller skating, make little picking whatever you guys love to do together I will be there to help and capture the true you!

# wedding day tips

- **Treat Yourself**

Make room in your schedule for some pamper time! Have a warm bath with oils (unless you have tan on!) and even flower petals if you wish. Light some candles, play some chilled music and take this moment to yourself, to really allow your mind get ready for the day. This should help if your mind is racing with all the details of the day to come. Take time to apply an all-over body moisturizer and allow it to dry in.

- **Hydrate. Hydrate. Hydrate!**

Your wedding day will begin bright and early with hair, makeup—and bottomless mimosas! It's important to have a bottle of water handy to sip on throughout the day.

- **Take Pictures Before You Say "I Do"**

You'll have more time to spend with your guests at the reception if you take your photos first. Even if you want to stick to not seeing your partner before you walk down the aisle, you can still get all of the other photos out of the way

- **Don't stress out over the little things, everything will work out. Focus on what you want your guests to say about your wedding after it's over. No one will talk about the favors, colors, etc. Everyone will talk about how much fun they had and how truly in love the couple looked!"**

# first look

First look its great way to start your wedding day, but its totally up to you. There are couple kinds of First Looks. First one is the First Look with your groom in private settings before the ceremony. You can do first look with your bridesmaids if they didnt see you in your dress yet, also lately is very popular First Look with your dad or grandparents. Also lots of people like to do First Touch insted of First Look, its a moment where you and your future husband can exchange little gifts or notes, before the ceremony without seeing each other.

I couldn't have made a better choice. Joanna and her team captured every moment with the highest quality photos. She was professional, engaging, and I can relive my wedding over and over again with the moments she captured. The pictures came out stunning and she goes above and beyond!

# wedding day details

With the exception of your dress, veil, and the flowers that your florist will deliver, these items should all fit easily into one box or container. This is the easiest way to collect your detail photo items! That way, you only need to make sure your “detail box” is with you, versus all these odds and ends. The alternative is a good way for items to be forgotten. Doing this also allows your photo team to start right on time, versus needing to begin the day with a search for each of these items.

more than photos,  
this is your story.

let's tell it to the  
world together!

Our wedding would NOT be the same had Joanna not been our photographer! From start to finish, she made us feel like family, and really focussed on capturing who we were as a couple. Having her bright and uplifting energy around the day of the wedding made for great memories and lots of laughter. She was so flexible and tackled any obstacle the wedding day threw at us, even buttoning up my wedding dress! All of our families and guests LOVED Joanna, and I had so many newly engaged friends ask for her contact information after the wedding. Our engagement and wedding photos are beautiful and really show our personality as a couple. We could not be happier to have such a special day captured so beautifully, and a new friend made along the way!

Each additional Hour  
\$300

Engagement Pictures  
\$350

Travel fee  
\$1 per mile

Second photographer  
starts at \$250

love stories

to cherish forever

We loved having Joanna as our wedding photographer this past Fall! Neither my husband nor I are that used to posing for pictures haha ;) but Joanna made it so easy with her creative ideas and it was also a lot of fun! There's a great mix of candid photos and posed photos she took for us though honestly on the posed ones they look all natural, not forced. Joanna was also very quick and knowledgeable at answering our questions and you can tell she really loves what she does! Afterwards the keepsake box with a sweet handwritten note from her was an added bonus too. To sum it up we'd definitely choose Joanna again to capture future memorable moments for us!

Ellen & Joey

# frequently asked questions

- **Is it travel included in your wedding packages?**

The wedding packages include up to 2h drive from Xenia OH, after that there is additional fee or hotel stay requested. Engagement session travel is covered up to 30miles from Xenia, OH. If you need me to travel further there will be additional fee added.

- **Do you allow payment plans?**

Yes, I do have couple options for payments most popular one is 50/50, but I can create personalized payment plan that work best for you, starting as low as \$150 per month.

- **What is your turnaround time ?**

My turn around time mostly depends on the time of a year as some months are busier than other, but the contract states 6 to 10 weeks for weddings, and up to 3weeks for engagements.

- **What if we don't want engagement session?**

Engagement session its a great way to meet you and know you little better before your wedding day. Engagement included in package is non refundable or replaceable for any other service.
