Dancing  
Closing

*Every Wedding Day is unique.  
The shot list and the order of the shot  
list is dependent upon the wedding  
day schedule.*

# The Process

A meet and greet through video or an in person consultation will commence before your wedding date.

A full itinerary from start to finish will be planned with step by step guidance for photographing the day.

An ordering presentation will be done for ordering wall art and albums. This is the time to focus on wall placement and choosing your frames.

Digital files will be sent through an online gallery that can be downloaded and saved to your devices.
