Flowers

We offer floral services, however, we are only able to provide flowers for one wedding per weekend. If you are considering having us take care of your flowers, please contact us for availability. You can also use any florist of your choice.

Lindsay Esme' Funderberg is our florist and also one of our event coordinators. She has 15 years of experience working in the floral industry and has designed and created flowers for countless weddings. She is wonderfully personable and easy-going and would be happy to take care of your floral needs for your event; from boutonnieres and bouquets, to centerpieces, to decorative statements for your ceremony or reception. Everything created right here on site with no need to transport flowers from another location, giving you one less item to coordinate on the day of your wedding. Bring Lindsay your ideas and pictures of arrangements you have fallen in love with, and she'll take care of the rest.
