Zach was WONDERFUL! I could not ask for a better photographer - he was easy going, yet attentive, easy to communicate with and blended perfectly with everyone involved. Zach was so easy to work with - from the initial meeting and was always prompting in touch by email and I felt completely comfortable asking any questions or making requests...Overall, Zach is the perfect package!

One of the most important parts of my wedding day was who I would trust to be there to capture it. I am so happy I chose Zach! His energy was great all day and guests even complimented me on how friendly he was. He captured moments rather than specific poses which was a lot of fun for us and made us feel more relaxed. The photos turned out absolutely amazing. We could not be happier that we chose Zach for our special day, I highly recommend him!

Working with Zach was one of the best decisions my husband and I made when planning our big day. He was so easy going, yet was really

attentive towards the details. He was also super easy to communicate with during the planning process. Our photos were gorgeous, and we loved that we received such a variety a shots. I would absolutely recommend him to anyone!

We absolutely loved working with Zach for our wedding day... and knew we wanted to work with him after meeting with him for the first time. He was easy to work with, communicated really well, and was overall just a fun a laid-back guy. We met twice before the wedding to discuss some details and then he was very flexible and accommodating the day of the wedding with making sure we got all of the photos that we wanted.

Zach was absolutely incredible, I couldn't have imagined having anyone else capture our big day! From the very first phone call with Zach, our experience with him was wonderful; he was extremely warm, personable and patient with all my questions. One of the best things about hiring Zach was how comfortable he made us feel in front of the camera. We had so many people come up to us during the reception to compliment us on him.
