MEET IKAIKA

Aloha! I'm Ikaika Pidot, and I am a Kauai-based photographer focusing on all things love.

I started off as a commercial photographer in California around 2013, and although it was fun and exciting, it was missing authenticity. All of these forced scenarios had no chemistry, and it wasn't until I shot my first wedding in 2015 that I found my calling.

The unique blend of passion, suspense, and love of a wedding day is such a fun experience to capture as a photographer, it's an environment that I love. Since then I've been fortunate to have traveled around the world shooting weddings, doing exactly what my heart said to do: capture authentic moments with wonderful individuals in amazing locations.

FROM A BRIDE

“I cannot recommend Ikaika highly enough. He photographed our 150-person wedding last month and the photos were perfect. They were golden and dreamy and gorgeous. He was professional, flexible when our plans changed, and got the pictures back to us a week earlier than promised. I printed one of our photos for our wall and my friend said “I honestly think this is the best wedding picture I have ever seen.”

“Ikaika shot our small Kauai wedding and he did such an outstanding job. We are very happy with his work and we love the photos he took. His work flow was professional, smooth and the post processing is top notch. We made a great decisions choosing him.”

FROM A GROOM

“Ikaika was our photographer for our engagement photos as well as our wedding photos and he was amazing. He has a very chill and calming presence, which was important to us because neither one of us is super comfortable taking photos. Also, it poured almost the entire day of our wedding, which meant a lot of things had to be tweaked to accommodate the weather. Ikaika rolled with punches, again staying chill the whole time, and captured so many beautiful photos despite the weather challenges. I’m so incredibly grateful we found him and would highly recommend using him as your photographer. Thank you, Ikaika!”

FREQUENTLY ASKED QUESTIONS

What is your photography style?

Candid, natural, and vibrant are concepts that come to mind. I enjoy working with natural light and capturing organic, genuine moments.

Are you available for destination weddings?

Absolutely!

Where are you located?

I am currently based in Kauai, but frequently travel throughout the state and internationally to photograph weddings as well.

What if our ceremony is in a different language?

No problem! Before each wedding I work closely with the couple and the wedding planner to make sure that no matter what I don't miss an angle.

While different languages can present challenges, in the end, artistry, creativity, and storytelling are all universal concepts that our team will portray in your photography and cinematography.

What type of equipment do you shoot with?

Sony a7IV, Sony a7III, 12mm lens, 35mm lens, 85mm lens, 24-240 lens, 24-70 lens, and a couple beautiful old minolta prime lenses for portraits if desired.

Can we meet before our wedding?

Absolutely. I actually insist that we meet in person or at least chat on the phone or via Skype prior to wedding day. I am also more than happy to chat with your wedding planner or other vendors as well to make sure we're all on the same page prior to your big day.

Do you send every photo you capture?

No, I do not. I eliminate duplicate images, test shots, missed focused shots, shots with bad expressions and other images that may dilute the overall product delivery.

How do we book our wedding date?

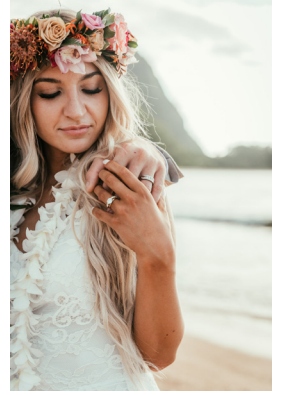

A 50% deposit and signed contract is needed, with the remaining due on or before wedding day.

FROM A GROOM

“I could not be happier that we chose Ikaika. Our wedding photos are out of this world; breathtaking, dreamy, and magical all on their own. Our photos transport us back to that day — and we will cherish them forever.

Ikaika is in a league of his own; if you’re looking for a sign to book him, this is it.”

“We cannot rave enough about Ikaika’s professionalism, craft and attention to detail. He has a beautiful, unique style that stood out to us from other photographers we researched. He patiently listened to our vision and worked with us to make it happen. Mahalo, Ikaika, for capturing our memories with so much care and creativity!”
