"We hired Gabe for our wedding entertainment, both for the ceremony, cocktail hour and later in the evening for the reception party. Gabe is an extremely talented musician. He and his band totally made our night, both for us and our guests. We had so many comments on how impressed our guests were with his entertainment. Totally awesome and so much fun. Gabe is super easy to deal with, very accommodating and his relaxed, easy going style made for stress-free negotiations, which is always a bonus when planning a wedding. We can't recommend him highly enough to anyone looking for great entertainment, you absolutely will not be disappointed."
