

# “Brides and Film Inc.”

## PRICE LIST 2021

**The final overall price of our services depends on these factors together with the basic price of the “package” of your choice:**

- The number of locations addresses that events of the day will be taking place.
- Whether you are interested in having drone shots incorporated in your film.

### **Additional fees beyond the standard package pricing:**

- \$55.00 for every additional location. The very first location *does not count*. The fee *does not apply* if all events of your wedding day will be taking place on the same property.
- \$ 220.00 if you are interested in having drone shots. When requesting a drone, we suggest you consult the management of the venue/wedding site to acquire their consent and approval for the usage of a drone.

### **Travel fees:**

- \$5.00 for every additional mile beyond 60 miles distance one way. We would consider waving a travel fee if you are considering providing us with an accommodation.

### **Additional hours**

- We can extend the number of hours beyond the 10-hour limit indicated in the package at the rate of \$130.00 per hour for and extended presence of two primary cinematographers.

**Additional****Out of State Travel**

We are available for work outside of the state of New York as well as outside the country. In such cases travel arrangements and fees are subject to a particular agreement.

**Additional information**

As professionals on the day of your wedding we will do everything in our power in terms of creativity and cinematography skills. It is helpful to have a cooperation and professional courtesy of other vendors such as photographers, DJs, musicians, wedding organizers, managers and others. We recommend that you bring to the attention of vendors the fact that you will be having two cinematographers accompanying you throughout the day for the purposes of the cinematic wedding film.

We recommend you inform your guests to refrain from the extensive use of cell-phone and other cameras during the main events of your wedding. This helps to ensure the non-interference with cinematographers and helps to secure the overall quality of the final film.

We operate our drones strictly according to FAA (Federal Aviation Administration) rules and regulations. If FAA standards cannot be met due to weather and other conditions outside of our control (high winds, rain, low temperatures, proximity to airports or other restricted no-fly areas), we will re-fund you for the price of \$250.00 within 30 calendar days after your event.

**Insurance**

As a legitimate business we do carry a business liability insurance.
