## Second Shooter Fee

I will hire a second person to get extra pictures of your wedding day, but need to know at least a month in advance so I can check the availability of the people I hire. I usually have a second person during the busiest time of the day, which is for part of the getting ready, formals, ceremony and pictures after the ceremony. It is very helpful to have a second person. Please consider adding this to your package to make your day a complete success!

**\$120**

I am willing to change around sessions in my packages to fit your needs. I would like to have a contract signed at least 6 months before your wedding (if possible), with a down payment of 25%. We can work out a payment plan to have it paid in full by the wedding day. I have a separate price list if you want a special album or prints done through me, but you will get cd's of pictures edited in high resolution JPG format. I will give you a print release form and permission to post pictures on the internet as long as you give my business credit. It will take me 4-6 weeks to have the completed set of cd's for you. I will claim rights to use some of these pictures for the advancement of my business, which will be stated in a contract you will sign with me, unless an agreement is made between us that I will not share your pictures. A typical wedding day will be at least 1000 images on disc. I think of my job as documenting your special day and want to make sure you get as many pictures as possible. To move forward with a contract so I can reserve your day, we can meet for coffee and work out the details. I look forward to meeting you and talking with you more!
