ABOUT US

Chocolate On A Mission is owned by the River of Life Mission located in Honolulu which is a faith-based, 501 ©(3) non-profit organization, that is audited annually by a local CPA firm.

Their mandate is to restore broken lives through **Rescue, Rehabilitation and Reintegration** services, with no regard to race, religious beliefs, gender or age, all in the name of Jesus Christ.

We are part of the Reintegration & job training arm of what they do.

RESCUE

Did you know that River of Life Mission serves about **15,000 meals** each month?

While the mission is most known for its meal service, it also has a food-box program providing approximately 1,000 boxes of supplemental meals every month to low-income families and/or the elderly, 65% of the recipients are children.

Shower facilities are available at certain times and days for guests as well as a free store. The store is made possible thanks to donations received. Guests are able to select clothing, footwear and household items.

River of Life , serves as the lead agency for the Lighthouse Outreach Center, a temporary shelter in Waipahu which provides a safe place to sleep, evening meals, social services and case management.

REHABILITATION

The mission takes a holistic approach to assisting guests—mind, body & spirit. They do this through classes, service referrals & life skills training.

REINTEGRATION

In October of 2011, our chocolate factory was opened on the Mission's third floor. It was started to help men & women recovering from drug/alcohol addictions get a new start—job training & employment opportunities. Did you know that a month after opening, we won a 1st place award at the Dessert Fantasy event for our chocolate covered mini-cookie with cream? Who knew that a Mission could make such delicious premium chocolate delights & that a love for chocolate could result in helping others?

If you would like to know more about the different treats the factory makes, we invite you to check out our website at shop.chocolateonamission.com. You can also stay up-to-date on new products, promotions, or events by liking us on Facebook or following us on Instagram.
