Bride Reviews: 5 STARS!

“Eileen and Kelsey were wonderful for my wedding! They made everything so easy for me which I really appreciated. I am very controlling so it was nice to not have to worry about what everything would look like when it was all together because I knew they had it under control, and I trusted their judgment! Eileen had the decorations under control, and Kelsey had all of the schedules and vendors taken care of! Thanks so much for everything, Kirstie Mullins”
