# ABOUT US

Hey there! We're Jake and Jennifer Vinluan, the duo behind the camera, and we're so excited you dropped by to inquire about our wedding photography.

We're not just your typical photographers; we love warm relationships & people who just feel like family. We love turning every wedding into a happy celebration. From the heart of Virginia to the charming corners of North Carolina, we're on a mission to capture your love story with a whole lot of fun & our all of our hearts too!

With over 11 years of professional wedding photography, we bring experience, passion, and excellence in freezing those picture-perfect moments. But here's the real scoop – we love what we do. There's something magical about being part of your special day, and we never take that privilege lightly.

If this inquiry turns into something more, you'll probably hear us saying thanks a bunch for trusting us with your memories. It means the world to us!

So, here's to the laughter, the love, and making your wedding day absolutely unforgettable. Get ready for a photography experience filled with personality, joy, and a whole lot of fun. Let's create some beautiful memories together!

*Jake & Jennifer*
