ARO "1st Occasion Vows & Rings" Experiences Abstracts

ARO "1st Occasion" Experiences

Our "1st Occasion" Experiences Packages, captures your next event based on the theme, venue, you and your guests. Relive the full experience from multiple points of views that creates a detail re-enactment of your special event, "The 1st Occasion."

ARO Vows & Rings

ARO Vows & Rings Experiences, are our wedding packages produced to recreate, that special occasion for a couple. In the course of a day or sometimes multiple days, the bride and groom will recite, declare, share with others, and celebrate their love for each other. A Reel Occasion captures the whole story from the setup, preparation, arrivals, the vows ceremony, traditional activities, and all the fun & love experiences on a couple's BIG day. Just like each declaration of love is unique to the couple, our Vows & Rings packages are crafted around the personalities of the bride, the groom and the electricity of the day, for them to experience their declaration of love for a lifetime.

A Reel Occasion "The 2nd Occasion" Methodology

The post-production phase can be summarized as the making of the story. It includes the science and art elements of complete editing, color correction, the addition of music, sound, special effects, titling, and graphics.

At A Reel Occasion, we like to call our post-production process: "The 2nd Occasion." "The 2nd Occasion," is just as important as the 1st occasion – your special event. Like a history-reenactment, gives an opportunity for its audience to relive history, combing through the details and keeping you entertained, "The 2nd Occasion" is our goal for you and your family to re-experience the amazing time spent together with a "Hollywood" touch - A Reel Occasion.

The 1st occasion and "The 2nd Occasion" have many similarities, especially when it relates to the planning and attention to details to make them a success. We find that "The 2nd Occasion," has a ¼ to ½ of the time for a post-production fulfilment delivery as the time going into planning, setting up, and having the event. (i.e. 1 year event planning to event, 3-6 months for "The 2nd Occasion" fulfilment delivery.) Our average turn-around time is 6-10 weeks. The turn-around time from the 1st Occasion to the 2nd Occasion fulfilment delivery is based off the selected package, "The 2nd Occasion" Theme Style, and the professional enhancements added to the "The 2nd Occasion".

A Reel Occasion "The 2nd Occasion" Workflow

"The 2nd Occasion" Theme Style

"The 2nd Occasion" Journalist

Can best be described as a documentary of the event. Segments are edited as they occur to preserve continuity. This style of editing will produce a polished documentation of the day as it unfolds. Also can be referred to as Documentary Style

"The 2nd Occasion" Cinema

"The 2nd Occasion" Cinema, transforms your occasion into a movie or film. The 1st occasion is captured and edited for a "wow" dramatic effect and mood.

"The 2nd Occasion" Story

"The 2nd Occasion" Story, relies on sound bites recorded from you, friends, family, and special guest. These sound bites are infused to create a dramatic effect and to push the story of the 1st occasion forward.

"The 2nd Occasion" Short

"The 2nd Occasion" Short, is the essential elements of the 1st occasion footage edited to fit within a time frame that is no less than 15 minutes and no longer than 30 minutes.

"The 2nd Occasion" Traditional

"The 2nd Occasion" Traditional, is a lightly edited video that gives a linear progression of the 1st occasion. It is our version of the family-shot video, with a professional touch. These videos tend to be 2 to 3 hours, and even longer, in length.
