CREATING BEAUTIFUL MUSIC FOR YOUR EVENT

*Prices through December 31, 2015 and are subject to change without notice or obligation.

Ensembles and Rates 2015

Our wedding fee includes 20 minutes of prelude music while your guests arrive, processional selections, ceremony music, recessional, as well as two pieces of postlude music for guests exiting your ceremony. We are pleased to offer many styles of music to fit your personal taste and to make your special occasion unique to you.

Bella String Duo *Most Popular*

The String Duo can be one violin and one cello or 1 violin and 1 acoustic guitar. The duo is perfect for wedding ceremonies, luncheons, bridal showers, office parties or restaurants. This ensemble is available in Electric or Classical Instruments. Ask about our guitar and violin duet!

Soloist

For a small fee, the sound of a string soloist can add a grandiose air to your wedding and will surely capture the guest's attention as the bride enters. This dramatic and celebratory touch is extremely romantic and recommended for more intimate size weddings. Solo instruments available are violin, cello and guitar.

Additional Information

Ensemble Placement

In order for the ensemble to have a visual presence during the event, most of our clients request that we sit at the front of the wedding ceremony or of the room, however we need ample playing space as to not interfere with any members of the bridal party or guests seated in the front. Please prepare to give us approximately 8' x 10'

In addition to ample space, the ensemble will need armless chairs. If low lighting is used for ambience we can provide our own lights but will need access to an electrical outlet that is no more than 6' away from where we would perform.

Playing Outside

Our ensemble is used to playing outside in the beautiful Florida sunlight however we cannot play in wet or rainy conditions. During the summer months we ask to be seated in the shade, or under an umbrella, in order to protect our instruments, if this is not a possibility, our ensemble will only be able to play up to 30 minutes in direct sunlight.

For beach weddings, we require a steady board that can be hidden beneath the sand or some form platform. It is very important that we coordinate visual cues and sinking chairs and music stands can be distracting both to us and to the guests.
