

Remembering that all services are tailored to your specific needs, here's a sampling of how I can help tell your love story.

### *COMPLETE DESIGN & MANAGEMENT*

You're a busy couple who needs help from beginning to end - designing the aesthetic of the day, budget guidance, booking/working with all vendors, managing the rehearsal and wedding day and hundreds of other details in between. I'll work with you from the save-the-dates to the final dance, handling every aspect of designing and managing your big day. Complete Design & Management services begin at \$3,850\*

### *PARTIAL DESIGN & MANAGEMENT*

You have an overall vision for your wedding day and have booked several vendors but are feeling a little lost. I can enter the planning process to assist with additional design concepts, organizational decisions, recommendation of vendors, review of contracts, etc. I become the main contact on your behalf, completing the remainder of the planning including management of the rehearsal and wedding day. Partial Design & Management services begin at \$2,650\*

### *DESIGN & RESOURCE SERVICE*

Maybe you just need help to get the ball rolling. I'd love to brainstorm with you, sharing my design knowledge, resources and experience. The goal of this two+ hour meeting is to develop your wedding aesthetic and identify potential venues and vendors that would work well within your vision and budget. About two weeks after our meeting, you'll receive an inspiration board and comprehensive resource list to help complete your planning. Design and Resource Services are \$475 (fee applicable if you upgrade to Complete Design & Management services).

### *DAY-OF MANAGEMENT*

Please, even if you are excited to do all your own planning, hire a day-of coordinator - it's an investment you will *not* regret! With that said, as of Autumn 2017, I no longer offer day-of services in order to better serve my complete and partial design clients. I do, however, have several colleagues who I highly recommend for day-of services, so please let me point you in their direction.

\*Pricing is based on a single venue with a guest count of up to 150 guests.

Two venues and/or a larger guest count requires increased staffing and your fees will reflect those additional costs.
