Associate photographers are trained

What is an Associate Photographer?

An associate photographer is a hired photographer of the same level of experience as the owner + main photographer that is utilized for multiple weddings per day in a company or to cover in case of emergencies. They work under the company in which they are hired which means they have the same professional equipment, knowledge, and skill to photograph the day of the wedding but following closely to the procedures and approach so you can still have the Starrella Photography experience from initial consultation through the delivery of your portraits. Associate photographers have worked with us on prior weddings so they understand our approach and specific style well in addition to going through a rigorous application working with us prior to any wedding. They are given extensive notes in advance so they are fully prepared on your wedding day. In addition to overall skill-set, the personality of the associate photographer is a huge factor into pairing them to a couple for their wedding day.

Why Use an Associate Photographer?

Some wedding dates are extremely sought after, especially during the height of the season from May to October. A lot of photographers utilize this as a great option for couples that love their work, set-up, and other options offered when we can't be in two places at once. This is also common to have in place for any unexpected emergencies that happen so no couple is left without a skilled photography team on their wedding day or with a strict budget but still wanting amazing photos on your special day!

April will still cover consultation, editing of images and photo gallery delivery as well as engagement session if desired !

1 Corinthians 13:1-8

If I speak in the tongues of men or of angels, but do not have love, I am only a resounding gong or a clanging cymbal. If I have the gift of prophecy and can fathom all mysteries and all knowledge, and if I have a faith that can move mountains, but do not have love, I am nothing. If I give all I possess to the poor and give over my body to hardship that I may boast, but do not have love, I gain nothing.

*Love is patient, love is kind. It does not envy, it does not boast, it is not proud. It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. Love does not delight in evil but rejoices with the truth. It always protects, always trusts, always hopes, always perseveres. **Love never fails.***
