LIVE ILLUSTRATION | wedding receptions & events

How fun to have live illustrations to commemorate your day!

Your wedding is unique to you two, so I want to make certain my illustrations add to both your experience and memories of your day. I'd love to chat with you to get your input, and to discuss options and ideas!

HOW I WORK

Work with your planner on set-up area and timing.

Arrive early and take photos of your table setting, venue, and details of your decor.

Start by painting small still life watercolor sketches of your wedding venue and decor details.

I sketch/draw/paint on-site, and work from photos in my studio to fill out your "sketch-book" of illustrations

I do not see these as "take aways" for the guests, rather for you to use how you see fit. TBD.

I'll work at small table out of the way where guests can mingle, those who are interested in having a sketch done will pose for few photos I take with my ipad or iphone. I will be work on the sketch 'live' while they continue on to mingle . (They do not need to stand to pose).
