EXPERIENCE

**MY PHILOSOPHY** | I'm sure your mind is racing with all that needs to be planned. It's all very exciting but it can also be somewhat overwhelming. You're planning the day that you've been anticipating your whole life and yet you only get one shot at it! By the time you get the hang of it, the planning is over! My goal as a wedding photographer is to make this one aspect of the planning process simple. Photography is more than just images, it's a real part of your day. Not only do you deserve beautiful images, you also deserve an amazing photographic experience. When my couples feel comfortable and relaxed in front of the camera, that results in genuine, joyful images! When I think back to my wedding day, I remember amazing memories.... but most of the moments I remember really well are the instances that were captured in my pictures. They are priceless to me. Our photographer made us feel so incredibly comfortable and for the first time, I experienced what it feels like to be in front of the camera as a bride. I have so many of our wedding portraits displayed in our home, I love looking at them! Your wedding day is an experience from beginning to end and your photography is a huge part of that experience..... shouldn't it be fun? and enjoyable? and natural? I think so! My goal is to not only capture memories for my clients, it's to create an experience that they will never forget.

**THE PROCESS** | One way I ensure that my brides and grooms enjoy the BEST photographic experience possible is through forming a relationship with my couples. Most of your wedding day is spent with your wedding photographer! A bride and groom should connect with their photographer, trust their photographer and be EXCITED about the whole process with them! After booking, I love getting to know my clients through an **ENGAGEMENT SESSION** that helps them warm up to the camera so that they are ready to rock and roll on the wedding day! By the time the wedding day arrives, my clients feel more like friends and that creates a safe and relaxed environment for photography! Now that you know a little bit about my approach to the wedding day, you can continue reading to find more detailed information about **THE WEDDING EXPERIENCE!**

## WHY INVEST?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The Venue? As a bride AND photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with a spouse & your pictures.... that's it! All of that planning and preparation is over in a matter of hours! So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding. I offer high end, leather or linen bound Legacy Albums for my wedding clients. The images are printed straight onto the pages and the covers are wrapped with top grain leather. This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

# Frequently ASKED QUESTIONS

## ENGAGEMENTS :

Engagement sessions are included with every wedding collection! I highly recommend scheduling an engagement session because it's the perfect opportunity to get comfortable in front of my camera prior to your wedding day. Engagement sessions normally last an hour and the images are in your inbox two weeks afterwards!

## DIGITAL FILES :

On average, an 8 hour wedding day receives 1,200 images delivered 4-6 weeks after your wedding day. I love delivering my client's photos quickly and easily via an online gallery. You will have the ability to print, share and download your images as much as you want. I believe in freely sharing my work because that is what I would want if I was in your shoes!

## COVERAGE :

My 8 hour package is the most popular because it works with so many different timelines! First look or no first look! You can always add additional coverage or upgrade your package as we get closer to the big day and we have a good idea of your timeline. I am more than happy to help you pick the package that best fits your day as well as create a custom package just for you!!

## OUR SHOOTING STYLE :

I love being both interactive and discreet throughout the wedding day. There will be parts of the wedding day when I will need to be in control in order to accomplish everything that needs to be done while staying on schedule. There will also be moments when you shouldn't even know that I'm there. I teach my couples how to pose, model and interact during their engagement session so they are naturals on the wedding day. So outside of formal portraits, I can capture your day as it joyfully & naturally unfolds!

## DESTINATION WEDDINGS :

Planning a destination wedding? I have my camera & passport ready! I am well-versed in stateside & international travel and have custom wedding collections that include any travel fees such as flights & lodging.

## NEXT STEPS :

You've said "YES!" to having me photograph your dream wedding day! Next steps would be getting your date secured. I will create an online proposal that will walk you through the package and when you're ready, you can secure your date by signing your contract and paying your deposit online.

# Thank You

I'm so glad you contacted me! Enjoy this season of engagement and get excited about your BIG DAY because it's going to be INCREDIBLE! Plan and prepare but always remember that at the end of the day, you're marrying the love of your life and that's all that really matters. Congratulations on your engagement and I look forward to hearing from you! Be sure to visit the [BLOG](#) to view my most recent weddings!
