A Stress-Free Experience

My approach is that of a storyteller,
giving you the gift of being free & present
on your wedding day with who you love
most- so that you can savor EVERY.
SINGLE. MOMENT!

It's about the moments you share with each other and your loved ones. A day where your love for one another is celebrated through stolen glances, tight hugs, tears, an epic dance party & full-on belly laughs.

It's the ONE day you'll have with all of your favorite people in one room, so all YOU have to worry about is experiencing that day how YOU want to, and I'll be there on the sidelines documenting each moment authentically.

Our experience working with Andrea from the beginning planning of our wedding to the wedding day itself was a DREAM! We were so comfortable working with her that it honestly felt like we had known her for years. She was extremely accommodating and her work is breathtaking.

My favorite thing throughout our whole experience was that during the craziness of our wedding day, she made sure that my husband and I had time completely to ourselves to talk and take in all of the amazingness of our day. I can't imagine working with anyone else. I'm so happy to say that not only did we have a fantastic photographer, but we also made a lifelong friend along the way.

Lume Photography makes incredible photos - it's more than Andrea's skill, it's her ability to make people feel comfortable. She captures happiness without making the subjects feel forced.

She helped us develop our wedding day timeline, helped us keep on track with portraits the day of, found the perfect spots at our venue and captured so many amazing candids of our favorite people. I couldn't imagine having a better photography experience!
