This package includes 2 photobooth experiences at the same celebration. Your guests arrive looking and feeling their best so I direct each group to the photobooth where they will take a single picture. These will have the look and feel of "formal" pictures. The attendant will print a second copy of each 4x6 and place it in an album that your guests will be encouraged to sign. Then, while your guests are being served their meal,\* the photobooth changes over for the fun strips! The props tables are uncovered, and the 3-pose strips are printing in pairs in just under 12 seconds! These will also be placed in a keepsake photo album. Your guests will have a great laugh and you'll take home 2 photo albums full of the memories!
