Engagement Session: Our{FREE GIFT} to you for choosing us to Photograph your Wedding.

I love the engagement photo shoot. It gives us a chance to work with you prior to your wedding and allows you a chance to see how we work and understand what we do to get the shots you see. It also just helps us get to know you better. We have truly become friends with many of the couples we have worked with and believe that shows in the final product. We care about each couple we photograph and truly want you to have beautiful photos that we are proud of, but more importantly YOU will be proud to show people for years to come. Once you have booked your wedding with us, the next step is to schedule a time to shoot your engagement photos. These are provided to you at no charge to thank you for choosing us as your wedding photographers. Prints from us are extra, but you are under no obligation to purchase your engagement photos from us. You will receive a disc with the high resolution photos and copyright permission allowing you to reprint them for your personal use.

But what about those of you that couldn't hire us for your wedding, but still want engagement photos from us? We would be glad to offer you our services as well! Unfortunately, we can't shoot every wedding, but engagement shoots are much more flexible!

Our standard rate for engagement photography sessions is: **\$425.00**

The session will last 1-2 hours, (although if we're having a lot of fun, some shoots go longer) you are permitted as many outfit changes as you desire and the shoot will be personalized to fit your style and personality. You will receive a disk with a minimum of 10 retouched full resolution watermarked images and permission to reprint for personal use and/or upload to social media sites like Facebook.
