Hello!!

We are Evanov Events

We love our couples!!

“ I had a pleasure working with Evanov events for my wedding. Angelica was my day of wedding coordinator... She was a rock for me throughout the process. I trusted Evanov events to style my wedding, I knew I could trust from their previous work portfolio. They did not disappoint. Angelica & her team put me and my husband's experience first on top of providing a great event for my guest... I am so happy to see Evanov Events grow, and I know they will be able to give other brides and other people their dream wedding/events. I am so thankful to have taken this journey with Angelica and I would recommend Evanov events to everyone! “

-Sarah & Stew –

We founded *Evanov Events* with the primary goal of helping others to create, organize, and execute special occasions, but our focal point is weddings. We believe every couple should have the wedding of their dreams, and we are here to guide you through the process of creating life-lasting memories with your loved ones. Our goal is to create a wedding that conveys to others the love and emotions that you and your partner feel for one another and that is our ultimate reward.

We believe quality should not be compromised by a price tag, and a beautiful wedding should be accessible to everyone, so we have created packages that offer everything you need to customize and design the wedding you have always wanted without breaking the bank.

Additionally, to decoration services we offer full wedding planning or month of Day of wedding coordinator.

Your wedding is our top priority !!

As wedding planner:

We will help you from start to finish. We guide you along the way to make decisions and to assist your wedding planning, including event design, help you with your guest list, invitations, RSVPs, day-of timelines, floor plans, and on-site management. We will create a stress-free experience and so you can enjoy and create life-lasting memories with those who you love.

As a Month of / Day of Wedding Coordinator :

Wedding coordination is for couples who want to plan their wedding but might have a few questions along the way and need someone to execute their plans.

As wedding coordinators, we are here to help you. We assist you to finalize all the details for your big day and put together the planning you have done. We are responsible for overseeing vendors, creating, and managing the timeline, and overcoming any last-minute, challenges during the event. We will start to work closely with you 4 weeks before the wedding day. We will have several meetings where we will discuss the details of the wedding day, schedule the final walkthrough and we will gather all the information we need to create timelines ,etc.

As an Event decorator :

We plan the aesthetic and atmosphere of the event. While working closely with you to create a theme, plan the decor, and ensure that everything is in its place. We work on all elements of the space, including the colors, the lighting, and other things that bring the design together. We also work with the vendors, the event planners, and other people that play a role in getting a venue together for the wedding day.
