

3-Step Complimentary Price Quote

Click [here](#) to request your Complimentary Price Quote

Because your beach wedding dress is one-of-a-kind, I offer a Complimentary Price Quote with 3 easy steps to find out what *your* beach wedding dress will cost.

Step 1 - Short Preliminary Questionnaire

So that our conversation is totally specific to you, I'll ask you to complete a short preliminary questionnaire which includes a request for photos and measurements. This will help us hit the ground running when we meet on the phone.

Step 2 - Imagining Your Dress

Guided by your spending plan, I'll take you by the hand and help you imagine your dream-dress; all the way from the style, to the choice of silks you'd like, right down to the colors and even brush-strokes of the design you'd like painted on your silk.

Step 3 - Your Quote

Your Complimentary Price Quote is complete when we have designed your dress right down to the last detail and I have given you a quote for what it will cost. Payment plans are available.

It's complimentary because...

Your Price Quote is complimentary because the cost of your dress is a "must know" for you to be able to make your final purchasing decision. I also consider the time we both "spend" in this process as an even exchange of energy.

There's no obligation because...

There's no obligation to purchase for these same reasons.
