

## Professional Services

For \$1500 I provide the following:

**One Friendly, Interactive and Professional DJ** – I'll play what you and your guests want to hear and not play what you don't. I'll use my programming and mixing skills (and requests) to build a fun dance floor.

**Master of Ceremonies** – As your host and spokesperson I will introduce speakers and special dances, interact with your audience, entertain people and make announcements, all with polish and poise. I'll keep your reception moving forward so that people are comfortable, having fun and staying.

**Personal Consultation for planning your reception entertainment** – We'll get together a couple of months before the big day and we'll create a timeline of the day. We'll go over the times and order of events plus share creative ideas of how to make your day uniquely yours; couples find this empowering and fun. Then a couple of weeks before we review for any changes that need to be made.

**Complete Reception Coordination** – I will coordinate your reception. Your other vendors will have a copy of the timeline we created, and we will work together to make sure the reception flows the way you envisioned. I'm willing to take responsibility for the success or failure of your reception.

**Grand Wedding Party Introductions** - Introduce your wedding party in grand and entertaining style, your guests get more than just hearing the names of your bridesmaids and groomsmen...

**Love Story** – A retelling (storyteller style) of how the two of you came to be together including all the important moments along the way, in your words. You and your guests will be moved with laughter and (sniff) sweet sentiment.

**Toasting Support** – Sometimes the people scheduled to speak need a little help getting their speech together or how to relax in front of a large group of people. I'm going to help them with both.
