

## *Beach Ceremony Coordination Packages*

Always dreamed of saying your “I do’s” on the shores of Lake Michigan? With our beach ceremony coordination packages, you and your guests can dip your toes in Southwest Michigan’s sandy beaches and have a picturesque backdrop for your wedding ceremony. Our packages include white padded chairs, ceremony decor set up and clean up, connecting with your ceremony vendors, and most importantly, securing your chosen site the day of the wedding.

## *Coordination and Planning Packages*

### DAY OF COORDINATION

This is the baseline of our coordination packages. It was created to bring you a peace of mind so you can be “hands off” the day of your wedding. With our day of coordination, you bring the plans and the decor, and we make it happen. If you are simply needing someone to help guide logistics and handle set up and clean up, this package is for you. We will create a timeline where all of your details are in one secure place to keep you and your vendors on the same page - all accessible 24/7 via Google Drive.

### PARTIAL PLANNING

Perhaps our most popular service, the partial planning package allows our team to step in closer to your engagement. We will introduce you to the best of the best (but not necessarily the most expensive) in order for you to get the most out of your vendor budget that we guide you in creating. In addition to having access to all of the services found in our Day of Coordination, we add an event design element. With this service, you tell us your decor vision, and we help make it happen. Allow us to take care of vendor coordination in the weeks and months leading up to your wedding day to ensure a smooth drop-off/delivery and overall flow to the day.

### FULL SERVICE PLANNING

From the moment you say “yes!” to the day you say “I do!”, we’ve got you covered. Together we will choose the perfect venue, ceremony location, color scheme, florist, music, transportation, hotel stay and every detail in between. This package is for the couple who knows what they like, but would like to sit back and enjoy the months leading up to their wedding rather than stressing about the small details. We handle all those extra logistics that shouldn’t be overlooked, including invitation management and rehearsal dinner coordination. Our full service planning also applies a \$50.00 credit toward 1928’s rental collection.
