BRIDAL HAIR & MAKEUP ARTISTRY

When planning your wedding (the most special day of your life!) it is said that the top three most valuable investments a bride can make is: 1. A photographer 2. A professional hair team and 3. A professional makeup team. Being that your photos are a lasting memory after the day is done, we believe that looking and feeling like the most beautiful version of you is essential to creating these happy memories & photos.

Hiring a professional hair and makeup team can assure you and your girls that your hair will look great from every angle, your makeup will last all night long, and your best features accentuated. My team and I provide a luxury service to our brides near and far. We create a relaxing, memorable morning for our brides and their friends and family.
