## Shelf Life

Caramel is best when fresh...the fresher, the better. It is excellent for 4-6 weeks from the date it ships, and still very good for another 6-8 weeks. Fresher is better. As the caramel ages, it develops a crystalline surface. It still tastes great, but the texture is not as smooth. Extend freshness by refrigerating or freezing in a tightly closed bag.

## Bridal Favors

Our oval gift bag labels can be custom printed with names of the Bride and Groom plus the wedding date. These labels look beautiful on our smaller gift bags and make lovely wedding favors. The smaller bags are available empty which you can fill (at quite a substantial savings). The parts are sold separately as follows:

Custom printed oval label	\$0.11/oval label
Small bag (holds 3-5 pieces)	\$0.11/bag
Medium bag (holds 10 pieces)	\$0.15/bag
Gold twist tie (to close the bag)	\$0.02/twist tie
Antique white bow (w/built in twist tie)	\$0.20/bow
Caramel bought in bulk	See Price List

(Close the bag with our gold twist tie, our wedding bow, or a bow of your choice—only one of these is necessary. If Béquet Confections fills the bags for you, they are available as a 10 pieces/bag for \$6.99 each.)
