At Kupcakes & Co., we're proud to help you celebrate your wedding! Please contact us today to set up your private wedding tasting appointment with one of our Wedding Consultants, Anne or Caitlin. At your first tasting, you will try 6 full size cupcakes, go over flavor and design ideas and get a pricing estimate. We can't wait to meet you!

Tiered Cakes

Our tiered cakes begin at \$6.50/serving and can be made out of any of our cupcake flavors (including our gluten free flavors!). Our Wedding Consultants and Cake Decorators will determine the costs of decoration and design during your wedding tasting appointments. At Kupcakes & Co., we create beautiful and delicious cakes with both buttercream and fondant designs and can help you determine which options would be best for your wedding.

- Each tier of your cake can be a different flavor!
- Gluten Free cake flavors available. (yum!)
- Looking for a flavor that you don't see at your first wedding tasting? We can bake any of our **110+ flavors** for your wedding – Pumpkin in July, Strawberry Shortcake in January – and can bake any flavor for you to try at your follow up tasting appointment! Please speak with our wedding consultants about any flavor preferences you have.
- Mix and match any of our cupcake base flavors with any icing flavor to create your own cupcake or cake flavor for your wedding!
- We also offer sheet cake options!
- Delivery, set up, and stand rental services available.
