# WEDDING CONSULTATION

We will discuss your wedding vision, your love story, and photography styles in person, phone and/or by email.

Your vision and love story help me plan wedding day pictures. My style includes a combination of photojournalism, traditional and fine art styles.

We will discuss any special picture options, we may want to incorporate into your wedding day photography!

I am here to help with suggestions and questions you may!

## DURING YOUR WEDDING DAY

Just relax and be ready to enjoy one of the best days of your life with your loved ones!

Weddings with me are organized and. I will direct you along the way and have you pose some throughout the day, as well as stand back and capture genuine interactions and emotions.

I usually start your wedding day photography by photographing details and the venue, and allow the wedding party and family to get used to my presence.

From there, we will follow a predetermined photography plan which may include: getting ready, bridal portraits, groom portraits, wedding party, first look, ceremony, family pictures, bride & groom portraits, reception, and the getaway. Your photography timeline is chosen by you and any input you want me to have in it.

I incorporate a photojournalistic style, as well as traditional and some fine art styles.

I want you to be at ease and enjoy this day, and know your wedding day photography is capturing the heart of your love story!

## AFTER YOUR WEDDING

While you are waiting for your images to all be edited, I love to post sneak peeks for you over social media - and when I get the chance a bigger sneak peek with a blog post of my favorites from your wedding day!

Your ordering gallery with all of your finished edited photos (Approx. 500+) will be ready for you to view about 3-4 weeks after your wedding!

I will email you a link and a password to your personal ordering and viewing gallery.

From there you can choose if you'd like to purchase additional prints, albums, or any other products!

Once you place your order it will typically be delivered to you within the next week or two!

\*Albums can take up to 6-8 weeks.
